

Product Description

Recommended for professional and household use. Provides firmer and more efficient adhesion than ordinary white glues, thanks to its higher solids content. Use on porous materials, such as paper, cardboard, fabrics, pottery and wood. Ideal for interior projects such as home repairs, carpentry, construction, crafts and school projects. Non-toxic, transparent when dry and low odor.

Physical Properties

(Visual) appearance:	White liquid
Odor:	Low odor
Viscosity at 25°C:	18000 cps
Density at 25°C:	9.18 lb/gal
Solid content:	49%
Film aspect:	Transparent and flexible
Drying Time	24 hours for full strength
Storage life at 5 to 25°C:	21 months
